Council Action On Garbage Amendment

In a 31-minute meeting held Wednesday night, July 5, Albany's City Council approved, among other business, the first reading of the Mandatory Garbage Collection amendment.

Now numbered Ordinance 72-07, the amendment states that "if any person shall fail to subscribe for the collection and disposal of garbage as required, it shall be presumed by the Health Department that a nuisance exists upon the premises." This ordinance, which has been unfinished business since the December 27, 1971, meeting, provides for alternate garbage disposal if approved by the Health Department.

Before the regular business meeting began, the Veterans of Foreign Wars presented a commendation to both Ellis-Olson Mortuary and the Albany Police Department for their roles in fighting drug abuse. May Ellis Olson obtained 10,000 copies of the comic book, "Users are Losers" which was distributed in the elementary schools with the aid of the Police Department. Accepting for May Ellis Olson was her daughter, Yvonne Walkup, and for the Police Department, Police Commissioner Hein. Making the presentaton, VFW Surgeon and Hospital Chairman Dr. Jule Levine remarked to the Council that it was a "priviledge to honor one of your citizens and your Police Department for without either it is impossible to have a successful community." Also from the VFW were Assistant Hospital Chairman Jerry Williams of Albany, and 14th District Commander Les Beth.

Although appearing on the agenda as a "Public Hearing" the Resolution regarding weed abatement was passed unanimously without discussion, since no one appeared either for or against the proposal from the community at large.

Other resolutions passed were those regarding the hiring of two clerks in the Police Department, approved after changes in the wording. Two resignations were accepted formally by the Council, from the City Clerk, Althea Ippolito, and from the Pre-School Director, Georgia Castell. The Council voted that both ladies receive letters of commendation.

A public hearing has been scheduled for July 17 to consider a Planning and Zoning Variance requested. Consideration of reappraisal on Masonic Avenue has been postponed until a proposal by Councilman Clark to "reconsider and review the application of HUD funds and the contractural relationship with BART" is carried out. Councilman Clark, who will be absent for the next two weeks, formally requested that $15,000 be set aside in the budget for open land acquisition, $15,000 for waterfront development, and $1,000 for the library. When questioned as to the source of these funds, Councilman Clark suggested that they may come from one of three sources: a raise in the admission tax at the racetrack, better sales tax production during the year or from property tax.

Mayor Carlevaro ended the meeting with thanks to all those who had made the Fourth of July Celebration a success.

Mosquitoes

"Mosquitoes have had no trouble adjusting to the urbanization of California," stated State Public Health Director William J. Kurtz, as he announced the week of July 10-16 as Mosquito Control Week.

Anything that will hold water for a week can produce a crop of mosquitoes—bird baths, jars, old tires, low places that collect irrigation water, etc. Deputy Health Officer Harold Van Coops requests that any Albany resident suspecting the presence of mosquitoes call 526-6116 for advice or assistance immediately.

Note of Thanks

I Wish to thank everyone for their kindness while in Alta Bates Hospital and recuperating at home. Also for all the beautiful flowers and cards I received. Hope to be back to work at Albany Foster Freeze soon.

Complaint To Postmaster

Registering a complaint with the Postmaster of Berkeley, William Wollman, the 1000 Oaks Business and Professional Association asked that the Landscape Branch of the Berkeley Post Office remain open.

In a letter addressed to the Postmaster, John Zoro, president of the Association stated: "In as much as, up to the present time, this has only been in the 'talking stage,' it was felt that a reasonable examination and discussion with postal representatives would show that too many businesses and citizens of this area would be adversely affected. It has recently come to our attention that without regard nor discussion with the affected patrons of this area we are on the verge of losing this service."

The Association is asking that the Postmaster of Berkeley work to prevent such an elimination of postal facilities which would "deprive a large segment of Berkeley business and residents of a service which is their due."

Action in two leagues by Albany teams, Albany Key Printing in East Bay Big League competition and three Little League teams, is big news for baseball fans.

Scoring two victories on the weekend, Albany Key Printing defeated Castro Valley 8-3 on Saturday, and Hayward Continental 1-0 on Sunday. In the Saturday game, Dan Gray struck out 10 batters, achieving his fourth win, with help in the hitting department from Tom Drennan and Bob Wightman, who hit back-to-back homeruns. Rich Law, pitching Sunday, gained his fifth win, allowing four hits and striking out nine. The winning run was scored in the top of the seventh inning when Mario Lavagino drove in Ken Segerberg from third with a base hit.

Albany Asks Tennis Anyone?

It has been announced through several sources that Golden Gate Fields is presently constructing 10 tennis courts at their northerly limits with a spectator capacity of 4,500.

September 18-24 women tennis stars from the Virginia Slims circuit will play in a tournament at the new GGF courts, bringing big-time tennis to Albany. A possible men's tournament may be scheduled later.

Praising Golden Gate Fields at Monday's Council meeting, Mayor Carlevaro said "Golden Gate Fields should be commended for their forward looking action by bringing something of such magnitude to Albany," and that the match will give people an opportunity to "view our community."

Heading the group of women players expected for the tournament will be Billie Jean King, a former Albany resident and the recent winner in the Wimbledon Tennis Tournament in England.

The Pacific Coast Tourney has long been a Berkeley Tennis Club event but recently the big crowds have caused problems with parking and disturbance to surrounding residents. Albany's first Pacific Coast Tourney will have prize money of $20,000 for the women.

Albany Flags Vandalized

Apparently while one group of people are bent on respecting the American Flag in Albany, another is bent on the opposite purpose.

On June 29 Albany raised a Flag on its new pole financed by contributions from various organizations and private citizens of Albany. By Friday, July 7, early in the morning the Flag had been stolen from its pole. Now the Fire Department has fastened the new Flag, speedily obtained, on the pole so that the lines are only 20 feet from the top of the 60 foot flag pole. They hope this will prove a definite deterrent to future thefts.

In another move disrespecting the Flag, on the Fourth of July the Flag outside the Chelemedos Market was cut from its pole and left lying on the sidewalk.

ALBANY'S LARGEST and newest Girl Scout troop 1728 made puppets for patients at Children's Hospital Medical Center as a project for the 22 girls. Representatives presenting the puppets to Recreation Therapist Terrie Kurrasch, center, are in front, left to right, Karen Bigelow, Deanna Gan, Tricia Bruen and Jaynelle Baraoidin. Leaders from left are Carolyn Gan and Joy Bruen.

New Albany Hill Proposal: 2,500 Unit Living Complex

Among other action during their regular Monday night, July 10, meeting, the Albany City Council scheduled a Public Informational Meeting regarding a proposed 2,500 unit apartment complex for Albany Hill.

The informational meeting will take place July 19 at 4:30 p.m., during which representatives from Interstate General Development, Inc., will present plans for their proposed complex. In a letter to the Council Interstate General described their project as "of approximately 2,500 living units with its related commercial and recreational facilities. The developed portion of the project consists of clustered hi-rise buildings over a landscaped parking structure at the base of the hill immediately adjoining Pierce Street. The developed ground coverage has been kept to an absolute minimum, leaving approximately 2/3 of the site, including the top of the hill in permanent open space." The proposed site for the complex is the "L" shaped parcel of land constituting the northwest portion of Albany Hill. Interstate General believes that a "slight modification" of the present zoning for the site is necessary, and suggested that Article 2.8.1 of Albany's Zoning Ordinance be amended by an additional section 2: when a planned residential complex, for in excess of 200 units is to be constructed, said complex may contain commercial uses, incidental and accessory to the residential use, including, but not limited to: retail stores and service establishments, food stores, on or off sale liquor establishments, specialty shops, beauty parlors, and other uses, which in the opinion of the granting authority, are of a similar nature and incidental and accessory to the residential uses involved.

The scheduled informational meeting is open to the public and will probably be of three or four hours duration.

After the meeting was scheduled, Mayor Carlevaro warned Council members not "to get enthused, since we have had numerous proposals which have gone down the tubes, so to speak."

In other action the Council granted a Public Hearing for August 21 for Neil Havlik's appeal of the Planning and Zoning Commission's decision to grant Leon Rimov permission to build three four-plexes. Although several Councilmen expressed doubt that grounds of appeal were sufficient for a hearing, it was granted because of previous appeal hearings.

Five bids were received for the widening and resurfacing of Masonic Avenue from Solano Avenue to the South city limits. The bids, ranging from $46,162 to $62,171, were referred to the City Engineering Department and City Attorney for consideration, by a 4-0 vote.

The Public Hearing scheduled to review a Rezoning Application to consolidate to a higher density rating. The property, divided by the zoning line, has one single dwelling on it, which straddles this line. The rezoning recommended by the Planning and Zoning Commission was passed unanimously by the Council after hearing testimony that no real change would be made to the property because of the rezoning.

The second reading of Ordinance No. 72-07 (mandatory garbage Ord.) was approved at the meeting, as read, and became effective. Resolutions commending two resigning City employees, Georgia Castell and Althea Ippolito, were passed. And a resolution appointing Patricia George as City Clerk was passed.

A letter from Mike Koepke, president of the Albany Fire Fighters Association was read, citing that "Mr. Turner should be commended for the manner in which these series of meetings (regarding wage negotiations) were conducted. . . . We strongly feel that the citizens of our City were admirably represented in those negotiations and in the service they may expect of our organization."

Flurry Over Berkeley Flyer

Bringing up a flyer recently distributed to many Albany citizens, during the Good of the City portion of the Council meeting Monday night, Councilman Lewis Howell stressed that the proposal is before the Berkeley Planning and Zoning Commission and City Council, and has never appeared on either in Albany.

The flyer announces that rezoning is proposed for "high density apartment houses in our neighborhood, in our own back yards." It also states that "40 apartments are to be built in an area which now accomodates 14 buildings." Calling for a neighborhood discussion, the flyer urges planning for the upcoming rezoning hearing.

Councilman Howell, who received many phone calls regarding this flyer, stated that this is a Berkeley matter and not under consideration by Albany.

Recreational Programs Open

Albany's Park and Recreation Department announces that a new day camp session will be starting and that classes now in progress have openings.

Registration is now going on for the second session of day camp for children ages six to nine at Terrace Park and six to 12 at Memorial Park. The cost for the two-week session is $15.00 for Albany residents and $20.00 for non-residents. Dates for the second session are July 19 through August 2.

Classes for children ages eight to 15 are offered twice weekly at the Albany Community Center. The schedule is Mondays and Wednesdays from 11:00 a.m. to 12 noon for eight to 12 year olds and Thursdays and Fridays from 11:00 a.m. to 12 noon for the 12 to 15 year olds. All classes are now in progress and there are openings in both age groups. Some of the projects that will be covered are: macrame' belts, decopage, plaster of Paris work, and various arts and crafts projects.

Craft Needs

Albany's Park and Recreation Department Craft Program needs the following items for the children's use, and would appreciate them being saved: tuna or cat food cans, coffee cans (1 or 2 lb.), oatmeal boxes, egg cartons, small match boxes, vinegar bottles, cigar boxes, plastic fruit baskets, half gallon milk cartons, yarn, plastic bleach bottles, juice cans, spools from sewing thread, cottage cheese containers and lids, yogurt containers and lids, salt containers, ice cream containers (round) and lids, glass jars, baby food jars, and material scraps.

Items may be dropped at the Park and Recreation Department office at 1000 San Pablo Avenue.

Note of Thanks

Drivers Needed For Patients

Summer vacations have placed critical demands on volunteer drivers for the American Cancer Society's Alameda County Unit.

The Society's "Free Wheelers" are a group of men and women who provide cancer patients with free transportation to and from treatment centers. Many of the regular volunteers have scheduled extended vacations and there are no replacements to assist these patients in need. For each patient undergoing treatment, five drivers are needed—one for each scheduled day of the week, with each driver spending approximately 2 hours each week.

Any person with a valid California driver's license is invited to take part in this assist program. Persons wishing to volunteer for the "Free Wheeler" Program should contact the American Cancer Society, 477 15th St., Oakland, or 22477 Maple Ct., Hayward.

Live Wires

Edith and Fred Lennox's slides of "Autumn in New Brunswick, Nova Scotia, and Prince Edward Island" will be shown at the Live Wires meeting, Friday, July 14, at Security Savings, 7:30 p.m.

The Live Wires will also be taking a bus trip to Pawson's home on July 16. Plans are shaping up for their Carribean Cruise in January. Cabins will be assigned on a first come, first served basis and an early deposit will assure a reservation. Cost for the cruise will be $774.00 for an inside cabin. Anyone interested in this event should contact Eleanore Miller, 525-8757.

'Bumper Kars'

"Bumper Kars" at the El Cerrito Plaza until July 24th allow crazy driving without the consequences. Located on the San Pablo side of El Cerrito Plaza, they are open from 10 a.m. to 9 p.m. daily, with an admission price of 50 cents.

New Policy For Army

The Selective Service System recently effected a major policy change which permits men scheduled for induction after July 1 to enlist in an Army Reserve Component after receipt of their induction orders. The regulation change also permits men who receive induction orders to join regular branches of the Armed Forces for a minimum of two years active duty followed by the standard four year reserve commitment if such programs are offered.

As a result of discussions between the Department of Defense and the Selective Service System, the new policy is expected to stimulate recruiting for Reserve forces.

The only option open to men who had received induction orders in past months was to join one of the regular branches of the service for at least three years active duty. No Reserve enlistments were authorized after the mailing of induction orders.

The new policy requires that men complete enlistment processing in the Reserves, or regular forces at least 10 days prior to their scheduled induction dates. All registrants are given 30 days' notice of induction, so men who receive induction orders after July 1 have 20 days to effect enlistments. In order to allow men scheduled for induction in early July to take advantage of the new policy, Acting Director Byron V. Pepitone has authorized local boards to postpone for 15 days the induction of men scheduled to report between July 1-15 if they are actively being processed for enlistment and if they request such action.

Men are expected to report for induction as scheduled if enlistments are not completed at least 10 days prior to the date scheduled for induction. It is expected that this new policy will raise the year-end Uniform National Call lottery number, although the degree of change will not be evident until officials determine how many men under induction orders enter Reserve or Regular force units. The Selective Service System announced that RSN 75 would be the highest number to be reached to satisfy August draft calls.

The Defense Department has announced that no more than 50,000 men will be drafted during 1972. During July, 7,200 are expected to be inducted and 8,900 in August.

Throughout most of the country, a pre-draftee wanting to take advantage of Reserve Components programs must locate his own unit vacancy. This problem is often compounded when an individual is seeking a position for either specialized schooling involving longer tours of active service (9-12 months) or the much pursued administrative training involving the shortest tours of active duty (4-6 months).

As a community service for Bay Area residents, the 351st Civil Affairs, an Army Reserve General Officer Command, has opened the Bay Area Army Reserve Vacancy Information Center at 1776 Old Middlefield Way in Mountain View, Calif.

The Information Center will be open weekdays from 7:30 a.m. to 4 p.m. to assist young men and women in obtaining unit positions based on their location and field of interest.

Colonel William H. Ecker announced the appointment of Mr. Frank Struble as the director of the Information Centers. Colonel Ecker also announced the opening of similar centers in the cities of Seattle, Portland, and Los Angeles.

Mr. Struble stated that processing will be expedited through the Center since interested parties will be placed in direct contact with the unit in which the vacancy exists.

Men and women desiring membership in an Army Reserve Unit may reach the Center by calling (415) 968-1696 in Mt. View, Ca.

Fifty Years Together

Frank and Annie Correia

Approximately 200 friends and relatives gathered at St. Ambrose Church in Berkeley, Saturday, June 24th, to celebrate the 50th wedding anniversary of Mr. and Mrs. Frank Correia.

Highlighting the day was the Mass concelebrated by long-time family friends Msgr. James Flynn, Fr. Edward Gracias and Fr. Joseph Hien, during which the couple renewed their marriage vows and prayed for peace.

A champagne buffet luncheon followed in the parish hall hosted by the couple's children, Mr. and Mrs. John Correia, Mr. and Mrs. John Mullarkey, and Frank J. Correia, also of Albany, with music and dancing throughout the afternoon.

Married in New Bedford, Mass., Frank and Annie have seen their family increase to include 11 grandchildren and one great-grandchild, all of whom attended the celebration.

The couple's children presented them with a traditional silver plate with the inscription "Congratulations on your fiftieth wedding anniversary. John, Agnes and Frank. 1922-1972." A niece, Mrs. Joseph Marshall of Fairhaven, Mass., sent them a plaque mounted with 50 silver dollars and the inscription reading "Frank and Annie, 1922-1972." Mrs. Manuel Gonsalves, a family friend, made a tier cake as well as two sheet cakes.

Rainbow Girls' Anniversary

Joining their national organization, the Thousand Oaks Rainbow Assembly No. 33 of Berkeley is celebrating the 50th Anniversary of the founding of the International Order of the Rainbow Girls.

The Thousand Oaks group, one of 13 in Alameda County, is the only Assembly serving Berkeley, Albany, El Cerrito and parts of Contra Costa County. The present Worthy Advisor for the Assembly is Miss Royce Thomas of Lafayette. The Junior Past Worthy Advisor is Miss Leah Hustad of El Cerrito. Formerly, the Past Worthy Advisor was Miss Liz Cox of Albany and Miss Barbara Kerr of Kensington. The present Mother Advisor is Mrs. Roy (Dorothy) de Giere of Albany who succeeded Mrs. Rex (Dora) Volheim of Albany, both of whom are members of the Thousand Oaks Eastern Star, the sponsoring chapter of the Assembly.

Taking as their anniversary slogan, "Fifty Years of Service," the Rainbow Girls give their time, energy, and money to help others. Activities of California's 13,000 Rainbow Girls, all between the ages of 12 and 20 years old, underscore the organization's emphasis on service. This past year they contributed 172,565 hours of volunteer service and $18,733.34 to a variety of local community causes. Then they topped that off by contributing an additional $18,700 to Guide Dogs for the Blind. Rainbow Girls also work with the elderly in rest homes and with handicapped children. This year the statewide project of the Rainbow Girls is "Operation Green Earth," an effort to beautify their local areas. Plans for Operation Green Earth include planting trees, purchasing litter cans for shopping centers and painting community buildings.

In addition to their many projects to aid others, California Rainbow Girls have, since 1959, sponsored a scholarship program for their own members. Each year a dozen deserving high school seniors get started at accredited colleges and universities, or business and vocational schools through this program.

Food I.Q.

How is your food I.Q.?

Are you choosing high quality goods at bargain prices? Do you handle food items properly after purchase?

The U.S. Department of Agriculture has issued a series of pamphlets for the consumer to answer questions and give facts regarding food, its preparation and nutritional value. These pamphlets are available from Consumer Product Information, Washington, D.C. 20407, which will send you a free quarterly index. Priced reasonably the pamphlets are on the average of 10-20 cents a piece. One example of the information given is that potatoes are no more fattening than other foods. They get their bad reputation by associating with various high-calorie gravies and sauces and, of course, the grease of french fries.

Michael Casey On President's List

Michael Casey, a student at New Hampshire College in Manchester, N.H., has been named to the President's List for the second semester.

Michael is the son of Mr. and Mrs. John R. Casey, 852 Solano Avenue in Albany. He is a 1966 graduate from Albany High School and is now a sophomore at New England's largest business administration college. Michael is enrolled in the college's Business Administration program.

AC Transit's 'Pedal Hopper' Brought Back

With several changed features and a new lower fare, AC Transit's "Pedal Hopper" bicycle bus has returned to service.

Operating on a regular transbay route, Line B-Grand Avenue, the bus provides a means for bicyclists to get their bikes across the Bay Bridge. The first of its kind, last year the service attracted more national attention than use, so it has been revamped this year to make it more attractive to bicyclists.

Cyclists may take their bikes across the Bay Bridge, paying regular fare for themselves plus 20 cents for their bikes for a total of 75 cents for adults. Children 16 and under can ride for 20 cents fare and 20 cents for their bikes.

The first trip leaves Trestle Glen and Lakeshore Avenue in Oakland at 6:52 a.m. on Saturdays and 8:13 a.m. Sundays and holidays. Continuous round trips leave approximately every 90 minutes until 9:32 p.m. Round trip service continues until after midnight to and from Lakeshore and Park Avenues, with the last trip leaving the Transbay Transit Terminal in San Francisco at 1:14 a.m. Bicyclists may board the "Pedal Hopper" at any regular Line B stop, space permitting. For information, call 654-7878.

Phone Company Fights Frauds

Pacific Telephone has recently implemented additional control procedures to prevent fraudulent phone calls. Fraudulent calling is a serious matter to the Telephone Comany, and last year the company experienced $6 million in phony credit card calls.

The company is now using computers to verify the authenticity of credit card numbers, and during the first six weeks of using them the company prevented the completion of some 37,000 calls in cases where the credit card numbers were fraudulent.

Pacific Telephone is also being aided in its fight by a new state law, which became effective earlier this year, which makes it a misdemeanor to publish or otherwise convey information on credit card codes, with the intent to avoid legal payment to the telephone company.

In the past the company had encountered some difficulties because of articles published in underground newspapers, which allegedly revealed the companies' credit card codes.

The new state law is in addition to existing state and federal laws making it illegal to defraud the telephone company.

New Service For Parcels

A new service to improve delivery of parcel post and other bulk mails destined to West Coast areas will be used by the U.S. Postal Service, effective July 15.

The Postal Service will begin operating a special mail train to expedite movement of bulk mail shipments between Chicago and Oakland. The train will make four intermediate stops, and at these exchange points other rail and truck routes are being implemented to provide connecting service to six other mail distributing areas. As a result, a reduction in transit time from 71 hours to 50 hours is expected between Oakland and Chicago. West bound transit time between the two major distribution points will be reduced from 58 to 50 hours. Up to 3-days improvement is expected to result in delivery service to the six outlaying areas This new service will affect approximately 15 percent of the Postal Service's total bulk mail volume.

New Food Stamp Law Proposed

Senators Alan Cranston and George McGovern have introduced legislation to permit elderly persons to use their food stamps to buy meals in community settings, including restaurants offering special service for senior citizens.

Also included would be senior citizen centers, school cafeterias and apartment buildings with dining facilities which participate in the Nutritional Program for the Elderly.

The Senators said they hoped their bill, which would amend the Food Stamp Act of 1964, would improve the diets of the elderly, "many of whom suffer from malnutrition, because they lack the ability—or interest—to prepare proper meals for themselves."

The bill, according to its authors, "will provide the elderly with the opportunity to combine a well-balanced diet with the companionship and society which they are all to often denied."

Because many of the elderly who participate in the food stamp program are now restricted to taking their meals in what is often the unwanted loneliness of their own residence, this bill, according to the Senators, "will open up new vistas of companionship for them, and will provide the opportunity for new social contacts. It will add a vital element of human warmth and dignity to the later years of those who have given so much to this nation."

3 Servicemen On Their Ways

Three servicemen from the Albany-Berkeley area have entered new phases of their military careers.

Navy Ensign Larry A. Brindley, husband of Mrs. Kathleen M. Brindley of 848 Gooding in Albany, was commissioned with his present rank upon graduation from Naval Officer Candidate School at Newport, Rhode Island. A 1971 graduate of the University of California in Berkeley, he is scheduled to report to Naval Supply Corps School in Athens, Georgia.

U.S. Air Force Captain Steven E. Icardi, son of Mr. and Mrs. Ernest Icardi of 1173 Colusa Avenue in Berkeley, has entered the Air Force Institute of Technology to study toward a master's degree in aeronautical engineering. Captain Icardi is a 1961 graduate of Berkeley High School and attended the University of California, Berkeley. He received his B.S. degree and his commission in 1965 upon graduation from the U.S. Air Force Academy. The captain has completed a tour of duty in Vietnam.

Navy Airman Recruit Peter T. Laughlin, son of Mrs. Pat Laughlin of 771 San Luis Road in Berkeley, graduated from recruit training at the Naval Training Center at San Diego. A 1971 graduate of Berkeley High School, he attended Laney College in Oakland and is scheduled to report to Memphis, Tennessee.

Red Cross Aids East

Roger Williams, manager of Berkeley Red Cross Chapter and a disaster relief expert is heading up a team of experts working in the flood ravaged East Coast areas.

Mr. Williams has had many years of experience in the administration of disaster relief including Hurricane Camille and the Southern California earthquake. At this time disaster relief centers have been opened in every area of the country and estimates of the amount of money needed for relief work in the coming weeks run into the millions of dollars, with the Red Cross bearing a large share of the burden.

Before leaving for the East, Mr. Williams explained that government appropriations will be made for restoration of public facilities, small businesses and some homes but Red Cross must meet the needs for people's immediate requirements for food, clothing, shelter and medical attention. Donations of money are the very best way to help as they eliminate the transcontinental shipping costs of clothing or other items donated here. Checks may be sent to the local Chapter at 2116 Alliston Way and marked for disaster relief.

'Spaders' Club

After lunch and a tour of the Marin Art and Garden Center recently, the Sea View Spaders Garden Club held installation of 21 officers for 1972-73.

Incoming president, Mrs. John Dietschy was installed by Junior Past President Mrs. Eugene Manila. The Club concluded the past year's activities with a Flower Arrangement and Horticulture Show held at the Casa Cerrito Clubhouse in May.
